Testimonials

"It's great that Jay can come and have a holiday at Carinbundi respite house. Jay enjoyed it immensely and met some lovely people.

They were fantastic and treated me really well too, invited me to come and have dinner at the house with Jay.

Jay and I visited the rum factory on his last visit and next time we are going to the brewed drinks factory. There are lots of places to visit here - close to the beaches and cafes and also Childers with the Snakes Downunder. (Thea)
